### Places to Visit in Texas

While we are in Texas we would like to visit some places here. In our Level 1 Lab class, we found information on the web about places to visit in Texas.

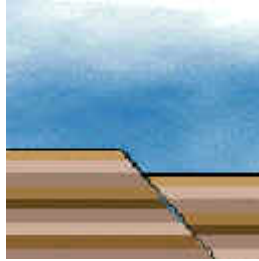

### San Antonio

San Antonio is a city in Texas. People like to go to San Antonio because it has a very nice Riverwalk and a big Sea World. The **Riverwalk** is in the city. If you go on the Riverwalk, you will see boats, birds, very nice International restaurants, and shops. Sea World has a lot of sea animals. If you go to **Sea World**, you can see dolphins and other sea animals. San Antonio is a good place to visit.

## The Big Bend

Texas has many special places. One place is Big Bend. This place is in West Texas. If you go to Big Bend, you can look at its geological structure because this place is a special place of geology.

For example, in Boquillas Canyon you can see the Normal Faults, and you can see Thrust Faults. This geological structure is a simple system, but it is a hint about the earth's structure. Also, it gives you great view because this creates mountains. If you go to this place, it is a good trip.

## The Alamo

The **Alamo** is famous in the history of Texas. It is a building in San Antonio. First, it was a church, and then the Mexican soldiers came and made it a fort. Texas was a part of Mexico at the time.

Important Alamo dates

1724 – Spanish built the Alamo.

1835 – Texans fought against Mexico to be free and be their own country.

1836 – Santa Anna's Mexican army fought against the Texans in the Alamo. The fight took 13 days. When it finished, all the Texans died.

Texas was a free country when the war with Mexico ended.

### **Two More Places to Visit in Texas**

*There are two more places to visit in Texas. They are very nice. First, **Six Flags** has many rides to have fun on. It has trains, the Batman Ride, and some games. The second place is Lake Lewisville. It is very large, and you can charter a boat. Also, you can ride jet skis and swim in the lake. For example, my friends and I went to Lake Lewisville. In addition we chartered a boat and my friend drove a boat. We had fun.. You will have fun, too, if you go to Lake Lewisville.*

### **South Padre Island**

*South Padre Island is a beautiful place to visit. It is an island in the Gulf of Mexico. It is on the south coast of Texas. On the map it is between the cities of Corpus Christi and Harlingen. If you like beautiful beaches and if you like to swim, you will choose this place to visit.*

### **Clubs**

*I think clubs are very good places because I like music and dancing and having fun with my friends, so clubs are fun. We can listen to many kinds of music at a dance club. For example, we can listen to Hip Hop, R & B, and house music. I like Hip Hop and R & B especially, so I think clubs are good places to visit.*

### **Six Flags over Texas**

*I went to **Six Flags** with my friends one month ago. I like Six Flags because it has many rides. I played with my friends. My friends and I were excited because I took Batman's picture. After that, we went to a restaurant because we were hungry. I want to go Six Flags with my classmate. My classmate's name is Aki. He went to Six Flags, too.*
